TEODOR MADJOVSKI

FRONT END
DEVELOPER

PERSONAL BACKGROUND

"There are three responses to a piece of design —yes, no, and WOW! Wow is the one to aim for."

A an enterprise web developer who is fascinated by the world of modern web design who is always evolving, never staying in one place like like I m trying to be. I pay attention to details, believe in positive criticism, and try to approach any assignments in a proactive way always grow and gain experience.
